Some helpful information:

You can change the blend mode, opacity and drop shadow, as well as colourise the materials, according to the tubes/colours you are using.

When applying the Resize with the All Layers option checked, this will be informed in the tutorial, otherwise, apply the resize with this option unchecked.

Remember always to save your work.

Whenever you reduce an image, apply Adjust/Sharpness/Sharpen, to maintain the sharpness of the image.

Some tools or features have other names in earlier versions of the PSP.
